## Utilization of ETVO schedule

The ETVO Monthly Schedule has been designed to provide Ontario schools with a daily listing of all ETVO programs. Last-minute changes in programming and special features can be brought to the attention of teachers. It is important, then, to check the schedules in the Teachers' Guides against this up-to-date schedule.

The ETVO Monthly Schedule is organized in the following way:

1. Programs are listed by school divisions (e.g., Primary, Junior, etc.)
2. The series title, program number and individual program titles are given (e.g., BIOLOGY: 1. What is Biology?)
3. TV stations are indicated by call letters, channel number and location (e.g., CKLW [9] Windsor) For detailed channel identification, see page 19.
4. The duration of each program is listed (e.g., 20 min.)

For detailed description of individual series and programs, and for pre-viewing and post-viewing suggestions related to the programs, teachers will find the Teachers' Guides useful. These guides should be ordered through your school principal.

## Cahier de l'horaire de la Tévéo

L'horaire mensuel de la Tévéo vous offre l'horaire précis de la programmation quotidienne des émissions diffusées et en français et en anglais par la Tévéo.

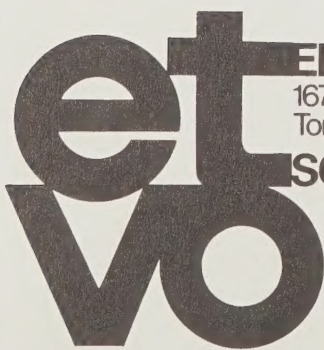

Ce cahier mensuel permet d'apporter des changements de la dernière heure et d'intégrer à la programmation certaines émissions spéciales.

Il est donc indispensable de confronter l'horaire imprimé dans le Guide du maître avec cet horaire à jour.

Voici comment est conçu l'horaire mensuel de la Tévéo:

1. Les émissions en français pour les francophones, sont énumérées dans le titre "FRANCAIS" à la suite des émissions en anglais.
2. On y trouve le titre de la série de même que le titre, le numéro de la durée de chaque émission (e.g., Les sciences: 1. Les animaux)
3. Les postes sont indiqués par les lettres d'identité et le nom de la ville (e.g. CKLW (9) Windsor). Voir page 19.

Les guides du maître, que seul peut commander le directeur de l'école, contiennent en plus d'une documentation complète pour chacune des séries, des suggestions pratiques d'utilisation en salle de classe.

## Science Experiences

"Science Experiences" (P8), a series of fourteen programs, each 15 minutes in length, has been designed for the pre-school and primary school child, five to eight years of age. The programs illustrate, explain, and correlate several disciplines: science (bodily balance, weights, eclipses, space, and levers); art (mobiles and shadows); dance and drama (shadow drama); and poetry. Children become involved in the programs through the efforts of Mr. Ernest (Ernie) Coombs, the host, a humorous puppet (Rackety Raccoon), Fluffy Bunny (a live rabbit) and by showing young children enjoying the games and activities mentioned. In one program, for example, children are introduced to mobiles as an art form. They accompany an eight-year old boy, Peter, on a trip to Alexander Calder's hide-away workshop where

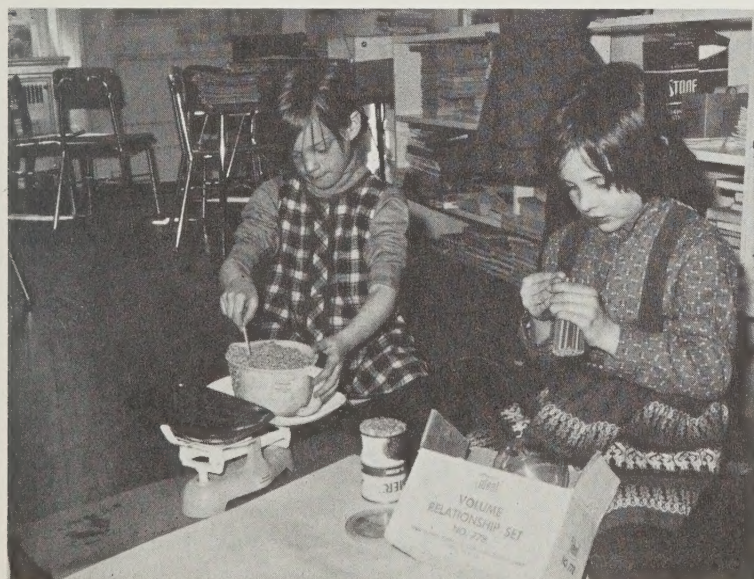

he talks to the artist about his work and ideas. In this way, the children learn about an artist, his construction of mobiles and his feelings about art.

The Teachers' Guide (P8) that accompanies this series provides a variety of activities: games to play, discussion topics, books to read, and vocabulary to learn. Useful poems that deal with balance and shadows have been reprinted, as well as diagrams that show how the teacher can construct her own balance equipment. The guide also includes photographs of children using the equipment for balances, see-saw, walking board, the four-foot board and for shadow work (shadow boxes). Two songs, with music, are given.

The purpose of this series is explained in the Teachers' Guide:

.... to help the young child to understand the laws of balance, the principles of the lifting lever and the phenomenon of shadow. It provides a framework within which the child can explore his environment by observing, predicting, experimenting, and validating. The programs can contribute to the experiences of the child by presenting meaningful material not available in his immediate environment. .... they can give more meaning to reading, oral and written language, mathematical concepts and the creative forms of art and movement.

The programs are broadcast weekly from October to April. The Teachers' Guide may be obtained through your school principal.

## Creative talent

### PROFESSIONAL DEVELOPMENT 10 programs, 30 minutes each

This ETVO series consists of productions made by students which have been submitted to the province-wide ETVO Student Production Competition.

To date, the entries have been produced either as a class project, like the production done by senior girls from H.E. Bondy Public School in Windsor, or as independent efforts by two or three students.

The basic format for each program consists of one or more student productions, together with discussions among the students involved, or with the host, Patrick Kahnert. Program 3 in the series will be tele-

cast in November, 1969. It consists of two student productions from Region 4, "The Spoilers" and "Ashes to Ashes". The host discusses several of the problems involved in making "The Spoilers" with some of the girls from H. E. Bondy Public School. Three boys from Catholic Central High School discuss their production, "Ashes to Ashes" (the winning entry in Region 4). The latter film takes a pessimistic look at the contrasts in life and architecture in a modern city and suggests that man's efforts to improve his life are often futile. "The Spoilers" is a documentary on pollution and shows the ways in which this is becoming a destructive force in man's life. Students at all grade levels (both elementary and secondary) should find the program interesting.

### PROGRAM 3

**Region 4** — Winning Entry — "Ashes to Ashes"; Students — Walter Rubins, Peter McKegney, Andi DiCesare; School — Catholic Central High School, London District Roman Catholic Separate School Board.

Runner-Up — "The Spoilers"; Students — Senior girls of H. E. Bondy Public School; Staff Advisor — Mr. A. McCallum; School — H. E. Bondy Public School, Windsor Board of Education.

### PROFESSIONAL DEVELOPMENT 10 programs, 30 minutes each

This series is designed to inform teachers of the current programs, investigations and research in the field of education.

The programs will be broadcast at monthly intervals from September to May, and they will be described in subsequent Monthly Schedules, according to their first air date.

### Program 2

#### LIVING AND LEARNING

This program is a thirty-minute version of the Hall-Dennis Special, broadcast on October 8, 1969. It provides a visual presentation of the "Report of the Provincial Committee on Aims and Objectives of Education in the Schools of Ontario". It illustrates several important points from the report dealing with the student, the teacher, and the curriculum.

Sequences illustrating curriculum proposals were filmed in elementary and secondary schools in Ontario. The program also emphasizes the need for a curriculum that is flexible and adaptable to the interests and abilities of individual students. The roles of the teacher are examined. He plans, with his colleagues, learning programs for his students. The field of special education is briefly examined, as well as the problem of discipline in the classroom.

An interview with Mr. Justice E. M. Hall, co-chairman of the committee, closes the program. In a conversation with two secondary school teachers, he comments on different aspects of the report.

# Questions

## PROGRAM CONSULTANTS

Q. I live in Sudbury, Ontario, and I would like to know if there is someone in my area who can answer my questions about educational television.

A. The ETVO Program Consultants provide information and consulting services to teachers in Ontario and answer questions about programming, guides, scheduling, etc. In consultation and meetings with various groups, such as teachers, Home and School Associations, and the O.T.F. and affiliates, they give information on the role and function of educational television. They assist audio-visual personnel in developing educational television workshops. They meet with school board personnel to provide information on grants available for television equipment and installation. Inquiries and suggestions from teachers can be channelled through the Program Consultants. They participate in Professional Development programs for teachers by demonstrating the potential of television to enhance learning. They are supported by equipment and programs on videotapes.

The ETVO Program Consultants are: **SCHEDULING**

Q. If I have a question concerning the scheduling of programs, who can I contact at ETVO?

A. This year, ETVO has installed a separate telephone to service scheduling questions. The phone number is 365-6300 (416) and the Scheduling Officer is Mr. Larry Gerner.

## TEACHERS' GUIDES

Q. What do the letters on the covers of the Teachers' Guides represent?

A. The 1969-70 ETVO Teachers' Guides are classified by division and colour-coded for your convenience. The following is the key to the cover designs of ETVO Teachers' Guides.

P = Primary division (yellow)

J = Junior division (red)

I = Intermediate division (green)

S = Senior division (cerise)

PD = Professional Development (blue)

F = French (brown)

The number appearing on the cover of a guide is its identification symbol. Each guide has been numbered to assist in ordering and handling.

# Channel Identification

## CBC and Affiliates

The CBC Ontario Network includes the following TV stations:

BARRIE	CKVR-TV	Channel 3
KINGSTON	CKWS-TV	Channel 11
LONDON	CFPL-TV	Channel 10
NORTH BAY	CFCH-TV	Channel 10
PEMBROKE	CHOV-TV	Channel 5
PETERBOROUGH	CHEX-TV	Channel 12
PORT ARTHUR	CKPR-TV	Channel 2
SAULT STE. MARIE	CJIC-TV	Channel 2
SUDBURY	CKSO-TV	Channel 5
TIMMINS	CFCL-TV	Channel 6
WINGHAM	CKNX-TV	Channel 8

Other CBC stations include CBLT (Channel 6, TORONTO), CBOT (Channel 4, OTTAWA) and CKLW (Channel 9, WINDSOR). However these stations are not always carried on the CBC Ontario Network at the times listed for the CBC. Therefore, the ETVO Monthly Schedule lists the times for these stations separately. The times for broadcasts on the independent stations CHCH-TV (Channel 11, HAMILTON) and CJOH-TV (Channel 13, OTTAWA) are also listed separately in the schedule. The broadcasting schedule for CJSS-TV (Channel 8, CORNWALL) is the same as that of CJOH-TV (Channel 13, OTTAWA).
